1) Liz Rainey and Brad Petitfils presented plans for the future Student Success Center. They also shared that advising is under review and various advising models are being explored. The newly designed “Magis” program will include incoming freshmen with an 18/980 test score. Magis students will take MATH A092, ENGL A100, and a 1 credit enrichment course.

2) It was suggested that the CFI 2015-2020 strategic plan include faculty development for the following:
   - Student success
   - Introductory Common Curriculum and majors courses
   - Advanced Common Curriculum
   - Pedagogy, research, advising, and any other areas where faculty need support
