AFFILIATION AGREEMENT BETWEEN
PRINCIPIA CONSORTIUM
AND
UNIVERSITY OF GLASGOW

Preamble:

The Principia Consortium at the University of Glasgow is hereby formed under the terms of the following agreement so that the constituent members may promote and foster intellectual and cross cultural development among the Honors students for whom each member institution is responsible. To that end, the Honors directors, Education Abroad and other administrators, and faculty of each Consortium institution agree to work together to inform and promote the Principia Consortium program among students and faculty of the constituent members.

The purpose of this Affiliation Agreement is to enable the students of the Principia Consortium to study as Visiting/Study Abroad Students at the University of Glasgow. The goal is to promote and expand international understanding, development, and friendship, as well as stimulate and support educational and intercultural activities and projects among students.

The Principia Consortium and the University of Glasgow hereby agree to a study abroad arrangement with the following provisions:

Application and Admission Procedures

1. Principia Consortium students will apply to the University of Glasgow using the Study Abroad Application Form provided by the University, with the accompanying documents as outlined on the Form. Admission is at the discretion of the University of Glasgow, based on the norms for Study Abroad admission published by the University of Glasgow.

2. Formal notification of admission to the University of Glasgow is made to both the applicant and to the individual Consortium members.

Tuition, Fees and Financial Arrangements

1. Tuition and fees will be paid by the student to their Consortium institution, which will then forward appropriate fees to the University of Glasgow. Invoices from the University of Glasgow for tuition and fees will be sent to the Consortium institution, and not directly to the student. The University of Glasgow will inform the student of any incidental or additional fees which may apply prior to the student’s arrival.

2. Travel costs to Glasgow will be the responsibility of the individual student. Miscellaneous fees including, but not limited to, books, telephone cards/calls, personal expenses (including vacation periods and between semesters), passport and immigration expenses, independent travel, etc. will be the responsibility of the participating student.

Registration, Academic Programs and Course Enrollment

1. The study abroad coordinator at the University of Glasgow will be available to assist Principia Consortium member students with course selection and advisement prior to departure.

2. The University of Glasgow will provide on-site orientation to the participant(s) and will provide advising to address participant questions or concerns regarding academic, social, health or related issues.

3. Academic work completed by Principia Consortium students at the University of Glasgow will be regarded by the corresponding Principia Consortium member institution as eligible for transfer credit in accordance with each institution’s own study abroad academic guidelines.

4. Participants will remain enrolled as regular degree candidates at their own institution and will not be enrolled as degree candidates at the University of Glasgow. Students are nonetheless required to maintain full-time status at the University of Glasgow. Participants
shall be subject to the same academic and disciplinary regulations and class performance standards as pertain to regularly enrolled students. Students will have the same privileges and enjoy the same access to campus facilities and amenities.

5. Within two months of the completion of the relevant term, the University of Glasgow will send an official transcript to the student’s home institution.

**Housing and Logistics**

1. The University of Glasgow will arrange and provide for the participant to be met at the airport within regular work hours for the fall semester arrivals only, and assist with initial ground transportation to the University.

2. Students may apply to Residential Services for on campus accommodation at the University of Glasgow. Every attempt will be made to accommodate the student’s room/board preference. Any student pursuing alternative housing arrangements on his/her own shall do so at his/her own risk and expense, and shall not be entitled to a refund of housing costs from either the University of Glasgow or the home institution.

3. Accommodation fees will be the responsibility of the individual student, unless deemed otherwise by one of the Principia Consortium member institutions.

**Norms of Conduct**

All parties concerned agree that every person connected with the study abroad program shall abide by, conform to, and comply with all of the statutes, regulations, and disciplinary rules promulgated by the University of Glasgow. The University of Glasgow shall provide participating students with a copy of its statutes, regulations, and disciplinary rules. Violation may subject the participant to dismissal from the University of Glasgow.

**Termination of Agreement**

Termination of this Affiliation Agreement can be initiated by either institution and shall be effective by giving the other participant at least six (6) months advance written notice of its intention to terminate, provided that all students enrolled at the time notice of termination is given shall be permitted to finish their course of study. Termination shall be without penalty.
