Multiple Examinations Policy - The maximum number of examinations which a student is required to take on any day during the final examination period is two. Students with more than two scheduled exams may seek exception to the schedule as follows:

First, the student take the same exam at a time when the same professor has a scheduled exam for a different section of the same course; second, the student requests of each professor that he or she voluntarily reschedule that student's exam within the exam period; third, the professor with the middle exam administers the exam to that student at some other time during the exam period.
