- The actual names of staff members as noted throughout the Statement of Deficiencies as S1, S2, C1, C2, O1, O2, etc. were identified, discussed, and provided to me during the exit interview.

I hereby confirm that the exit interview with the licensing specialist consisted of a review of each deficiency cited and how to correct the deficient practice(s). A discussion was held on the intent of the regulation and how to maintain compliance with the minimum standards.

I understand that non-compliance with the aforementioned serious deficiencies will result in enforcement actions up to and including non-renewal or revocation of my license to operate.
- If the license for this facility is revoked, DCFS shall not accept a subsequent application for this facility or any new facility for a minimum period of two years after the effective date of revocation or non-renewal or a minimum period of two years after all appeal rights have been exhausted, whichever is later (the disqualification period).
