

The Swedish Cooperative Centre (SCC) was founded in 1958 by the Swedish cooperative movement. SCC is an international non-governmental and non-profit making organisation that offers support to self-help development initiatives to cooperatives, farmers' organisations and informal groups. Its head office is in Stockholm, Sweden.

This book on Sustainable Agriculture has been developed in collaboration with Kasisi Agricultural Training Centre (KATC). KATC is a faith-based non-governmental organisation run by the Society of Jesus. KATC's strength lies in its long experience in training and accumulated knowledge in organic agriculture and indigenous knowledge through research and practice.
